*The Convention of the Congregational Ministers in the
Commonwealth of Massachusetts*

Is a voluntary Association, embracing all the Congregational Clergy of the Commonwealth, but vested with no particular authority or control over the churches.

Their meeting is holden in Boston, in the afternoon of the last Wednesday in May, or day of Election annually, at 5, P. M. and the following day at eleven, A. M. After transacting the usual business of the Convention, a sermon is delivered in public before them, and a collection made for the charitable purpose of relieving the indigent Widows of Congregational Clergymen.

Difficulties having often arisen in determining, what widows are the proper objects of the charity of this Convention, it was voted June 1, 1815, That a standing Committee be appointed, five of whom shall be chosen centrally; and the remainder in different parts of the State. The five, with the Scribe and Treasurer, shall act as a *Reporting Committee*, to receive from the other Members of the Committee applications and statements of facts in behalf of persons who may be subjects of the charity of the Convention; and having considered the same, shall judge of the persons to be relieved, and the proportion to be given to each, and make report to the Convention, on the first day of their meeting annually; further, that the names of said Committee shall be annually published in the Massachusetts Register.

STANDING COMMITTEE.

Rev. John T. Kirkland, D. D. Rev. Eliphalet Porter, D. D. Rev. Abiel Holmes, D. D. Rev. John Pierce, D. D. Rev. Charles Lowell, D. D. Rev. John Codman, D. D. Rev. Francis Parkman, are the *Reporting Committee*.

Accordingly, when the widow of any Congregational Clergyman is considered an object of the charity of the Convention, it is desired that answers to the following questions be given by one of the Standing Committee, *by the first of May* in each year, to be communicated to the Reporting Committee, that they may possess the documents for making a correct report to the Convention.

1. What is her age?
2. What are the number, the sex, the ages, and the circumstances of her children?
3. What is a fair estimate of her property?
4. What is her ability to help herself?
5. What connexions has she, who are bound to afford her assistance? And in what way do they assist her?
6. What is her income?
7. What peculiar circumstances render her an object of charity; or make it desirable, that she should have aid this year?

The Standing Committee are also desired to give notice to the Scribe, whenever an alteration takes place in the circumstances of the widows, who are objects of charity.

Rev. Francis Parkman, of Boston, Treasurer.

Rev. John Codman, of Dorchester, Scribe of the Convention.

Rev. Dr. Packard, first Preacher.

Rev. Dr. Lowell, second Preacher.

The Convention earnestly recommend to all young gentlemen who design to devote themselves to the work of the ministry, to spend that portion of time in the study of divinity, which learned and judicious advisers shall think necessary to qualify them for public teachers.

General Association in Massachusetts

This body was organized in June, 1805. In 1814, it consisted of Delegates from 12 Associations in Massachusetts Proper. Its members "admit, as articles of faith, the doctrines of Christianity, as they are generally expressed in the Assembly's Shorter Catechism," and consider these doctrines, which have been generally embraced by the churches of New-England, as the "*basis of their union.*" This body wholly disclaims ecclesiastical power or authority over the Churches, or the opinions of individuals. The essential objects, as expressed in their Constitution, are "to promote brotherly intercourse and harmony, and their mutual animation, assistance, and usefulness as ministers of Christ."

☞ Annual meetings last Wednesday in June.

METHODISTS. Of the Methodist Episcopal Church in the United States, there are fifteen Conferences, and more than 4000 local preachers, besides those who are constantly travelling. The increase in the Methodist Churches last year, was 19,672 members, and 42 travelling preachers.

Massachusetts General Hospital Corporation.

Incorporated Feb. 25, 1811.

Annual meeting of the Corporation, 3d Tuesday in Jan.

The corner stone of the Massachusetts General Hospital, was laid by a separate corporation, in 1818. It is justly considered the finest building in the state,

stands at the westerly part of the city, on an enclosed ground of four acres, adjoining Charles River. This edifice is 168 feet in length, and 54 in its greatest breadth, having a portico of Eight Ionic columns in front. It is built of white Chelmsford granite, wrought with uncommon labour, the columns and their capitals being of the same material. In the centre of the two principal stories are the rooms appropriated to the Superintendent, the Apothecary, and other officers of the institution. Above these is the operating theatre, lighted from the dome, and fitted up with semicircular seats for spectators. Beneath is the kitchen with its various appendages, the bathing room, wash room, laundry, &c. The stair-cases and floorings of the entries are of stone. The whole house is supplied with heat by air-flues from furnaces in the cellar, and with water by pipes and a forcing pump. Various modern improvements in domestic economy, conducive to cleanliness and comfort, are introduced, together with such auxiliary apparatus for the sick as is found useful in the management of their diseases. The wings of the building, in the different stories, are divided into wards and sick rooms, which are fitted up in the neatest and best manner. The number of beds contained in them for patients is at present about a hundred. No insane patients are admitted to this building, these being provided for at the Lunatic Asylum at Charlestown, which is another branch of the same institution.*

Visitors, The Governor, Lieut. Governor, President of the Senate, Speaker of the House of Representatives, with the Chaplain of both Houses for the time being.

All merchandize shipped *off* the wharf, to pay the same as for *landing*, excepting such goods *as have paid for landing*, (and not having been carried *off* the wharf,) are put on board vessels, within one month after they are landed.

Goods taken *in* lighters, or otherwise by *water* from on board any vessel lying at the wharf, or goods taken *from* lighters or otherwise, by *water* on *board* any vessel lying at the wharf, to pay one half as much as for *landing*; the said half wharfage to be paid by the vessel lying at the wharf.

The wharfage of goods *landed*, to be paid by the seller, or person landing the same, except *wood and lumber*, which is to be paid by the purchaser.

Goods received from, or loaded on board of coasters to be paid for by the captains of coasters; unless the same are shipped or received by persons belonging to Boston, and a return thereof to be made by the master of the coaster to the wharfinger.

Goods brought on the wharf, by trucks or otherwise, for public sale, to pay the same wharfage, as if landed thereon.

Vessels hauling to the wharf, are expected to have their jibs, spanker booms, and spritsail yards rigged in; and on the north side, to have their yards topped, and to accommodate other vessels as much as possible.

No boats are to be put on the wharf; nor sand, gravel, or other ballast, to be landed, without permission of the wharfinger; nor are the dirt or sweepings of the hold, or other articles which do not float, under any pretence whatever, to be thrown into the dock.

No fire is allowed to be kept on board any vessel lying at the north side of the wharf, above the T.

Vessels coming to the north side of the wharf, above the T, are to be allowed two days only to discharge or load; and, in case the birth be then wanted by the proprietor or occupant of the neighbouring store, the vessel, that has laid that time, must remove if requested.

THE FIVE AVENUES INTO BOSTON.

CHARLESTOWN BRIDGE.

On the 17th of June, 1786, the first Bridge ever built in Boston, was opened for passengers. Preparations had been made for great festivity on the occasion. Salutes of 13 guns were fired at sunrise from Bunker and Copps' hills, and the bells of the North Church rang merry peals. The different branches of the legislature, and many of the most respectable persons in public and private life were escorted by the proprietors from the Old State-House over the new bridge to the heights of Bunker, where tables were prepared and elegantly furnished for 800 persons, who spent the day in sober festivity, and separated at six o'clock.

The bridge stands on 75 piers, is 1503 feet long, and is 42 feet in width. The cost of the bridge was £15000 lawful money, and the property divided into 150 shares.

WEST BOSTON BRIDGE.

This bridge was finished on the 23d of November, 1793. The bridge stands on 180 piers, is 3483 feet long, and 40 feet wide.

SOUTH BOSTON BRIDGE.

This Bridge was finished in the summer of 1805. It is 1551 feet in length, and cost the proprietors about \$56,000.

CRAIGIE'S BRIDGE.

Canal or Cragie's Bridge was opened on Commencement day, August 30, 1809. It runs from Barton's point in Boston, to Lechmere's point in Cambridge. Its length is 2796 feet; its width, 40 feet. This bridge on the Cambridge side is united to Charlestown by Prison Point Bridge, which is 1821 feet long, and 35 feet broad.

WESTERN AVENUE, OR MILL DAM.

This Dam is the *fifth* artificial avenue into the city. It was completed July 2, 1821, under the inspection of Uriah Cotting, and Loammi Baldwin. The Mill Dam is composed of solid materials, water tight. Its surface is four feet above high water mark. It is fifty feet in width in the narrowest part, and 100 in the widest, and one mile and a half in length. Half way over the Mill Dam is a causeway leading to Dorchester, and another to Boston Neck. There is a number of large manufactories on this Dam.—*Dr. Snow's History of Boston.*

The *Tontine* in Franklin street. Built in 1793. This block forms a crescent of sixteen dwelling houses, extending 480 feet in length. Opposite the Tontine is *Franklin Place*, which consists of eight houses in four blocks.

New State House. In May, 1795, the town purchased of Gov. Hancock's heirs the spot of land on which the State House now stands. On the 4th of July the corner stone was laid with great ceremony. The building is 173 feet in front, and 61 deep. The foundation of this edifice is 100 feet above the level of the harbour.
